IEEE TCCPS Technical Achievement Award

The IEEE TCCPS Technical Achievement Award recognizes significant and sustained contributions to the cyber-physical system (CPS) community through the IEEE Technical Committee on Cyber-Physical Systems (TCCPS). The award is based on the impact of high-quality research made by the awardee throughout the lifetime. It consists of a plaque and a citation. The award is presented at one of the major conferences co-sponsored by a member society of IEEE Systems Council.

Eligibility

The candidate must be an IEEE member in good standing. Current members of IEEE TCCPS Award Committee are ineligible for the award.

Nomination:

The nomination should be proposed by someone other than the nominee. The nomination package must be emailed to the TCCPS award chair (Subject: IEEE TCCPS Technical Achievement Award), including the following details:

- Nominee: list name, affiliation, postal address, email address, and phone number.
- Nominator: list name, affiliation, postal address, email address, and phone number.
- Citation: provide a brief citation (30 words or less) precisely stating the significant contributions of the nominee.
- Nomination letter: describe the technical contributions as well as their significance and impacts (less than 1000 words).
- Support letter: provide three letters of recommendation to support the nomination. Support letter cannot be written by nominator or nominee.

Schedule:

Nomination must be submitted by February 15th, 2017. The award will be announced at one of the major conferences co-sponsored by a member society of IEEE Systems Council, and the awardee will be invited to receive the award at the conference.
